

Manitok Energy (V.MEI) CEO's contrarian play spells success amid sector downturn

ENERGY - OIL & GAS E&P

While the current oil and gas market downturn has sent many juniors within the sector to the chopping block, **Manitok Energy (TSX: V.MEI, Forum)**, an exploration and development company operating in the Canadian Foothills and Southeast Alberta, has managed to not only hold its own, but enhance its producing portfolio and future potential with a series of smart acquisitions. I sat down with company CEO, Massimo Geremia, to get the inside track on Manitok and how it will capitalize on the oil and gas sector's inevitable recovery. Have a listen.
